

## **PRODUCT SPECIFICATIONS**

ATTENUATOR 5W N CONNECTOR - 40DB

MODEL JRT-ATT40-P-N005

### **Features:**

- Excellent electrical performance
- Lowest attenuation tolerance
- Low VSWR
- Totally maintenance free

### **Specifications:**

|                       |                      |
|-----------------------|----------------------|
| Frequency Range:      | DC-3GHz              |
| VSWR                  | <1.2:1               |
| Average Power         | 5W                   |
| PIM (IM3)             | <-110dBc @2x33dBm    |
| Impedance             | 50 $\Omega$          |
| Connector             | N-Male to N-Female   |
| Operating Temperature | -30 to +65 °C        |
| Dimension             | 57.1mm x $\Phi$ 20mm |
| Net Weight            | 50 g                 |
| Finish                | Black Plated         |

|                  |                   |              |
|------------------|-------------------|--------------|
| Model No.        | Attenuation Value | Accuracy     |
| JRT-ATT40-P-N005 | 40dB              | $\pm 1.0$ dB |
